As the person responsible for and author of the above research paper, I declare that the present research complies with the following points:

- The work is original and has not been plagiarized from any other document.
- The work does not infringe any copyright or property rights.
- The work is unpublished, was not previously published nor was it submitted in parallel to another journal of scientific content in the area of social sciences and economics.
- The authors mentioned are all the persons who participated in and contributed to the study; no other authors are omitted.
- The paper uses reliable, non-invented data sources.
- The work presents results that have been objectively interpreted.
- Funding sources and affiliation to them (if any) are declared.

Accordingly, I declare that all the good practices cited in the above points have been complied with.
